## Meet Your Candidate, Laura Kyrke-Smith

Dear resident,

My name is Laura Kyrke-Smith and I'm an experienced charity leader and campaigner, and a local mum.

My parents - a teacher and a school counsellor - brought me up to care deeply about improving people's lives, and that's why I'm standing to be your MP. I'm tired of 14 years of the Conservatives putting themselves first, and not doing right by Aylesbury or by this country.

If you want to be part of the change that we all deserve, please get out and vote Labour when the General Election comes. Only Labour can beat the Conservatives here and we're grateful for your support.

*Laura Kyrke-Smith*

# My story

I live in Bucks with my husband and three children. My youngest son was born in Stoke Mandeville hospital and the staff have supported my family amazingly on many occasions.

I've worked for a humanitarian charity for many years, supporting people here in this country and in crisis zones around the world from Ukraine to Gaza. I bring great experience of serving people and making a difference to their lives, and I bring a deep commitment to this area, my home.

I want to make Aylesbury and the nearby villages even more brilliant places to live and work in.

## My priorities for Aylesbury

**I promise to listen to Aylesbury's residents and take up the fights that matter most to the community. But here are few of the issues that matter most to me:**

- I know how expensive childcare is and how stretched our teachers are. **I will push to ensure that our children get the best possible education, right from the start.**
- I know how much pressure Stoke Mandeville, and our GP and dentist services, are under. **We must get the NHS back on its feet and improve mental health support.**
- Whether it's housing, energy bills or food, prices are through the roof and people are struggling to feed their children. **I will push to create jobs and opportunities and make life affordable again.**
- This year we've seen flooding, pollution in our rivers and congestion on our roads. **I am committed to protecting our natural environment and tackling the climate crisis.**
- Many people here in Aylesbury no longer feel safe walking the streets at night. **We must make Britain safe and strong again, here on our streets at home, and abroad.**

## Support for Laura

**David Miliband, former Labour MP and Foreign Secretary:**

"Laura is just the kind of principled, proven, dynamic person we need as a Labour MP. I have known her for eight years and seen how she brings people together to get results that advance our values. Laura is a campaigner who is always ready to listen and not afraid to make decisions. The Tories have let people down and Laura is just the kind of person to help lift people up."

**Hannah Bray, Aylesbury Resident:** "I am supporting Laura as above all she is compassionate and selfless. Dedicated in everything she does to supporting others. Laura is incredibly motivated, reliable and kind. She has what it takes to make the right kind of difference for our local community."

**Preet Kaur Gill, MP for Birmingham, Edgbaston:** "I have seen firsthand how Laura campaigns effectively for the needs of vulnerable people around the world. Whether it's children who don't have enough food to eat, or people who don't have rights, she works hard to ensure that they are heard and that they get the support they need."
